Introduction to Appjetty

About us

We like innovation that simplifies everyone's work. Our motto is to enhance our customers' business growth with improved CRM capabilities and better customer engagement.

Appjetty is a subsidiary of Biztech IT Consultancy that provides plugins to leading technology platforms. The inception of dedicated plugins for Dynamics 365 started with our flagship solution Calendar365 for Dynamics 365 and now we have 5 popular plugins for Dynamics 365 and ready to integrate PRM and customer portal solutions. Now, here we are with 300+ happy customers!

Our Mission

Our philosophy is to keep data security as the single most important aspect before laying down the architecture of our plugins for any business. Our aim is to create products that solve the problems of our clients, and to ensure we always get better at how we serve them.

Growing with Partners is our secret to success.

Value Proposition for Partners

Ready to use Solutions

Save time with ready to integrate solutions of Appjetty and increase chances of faster closures on your business deals.

Co-sell Opportunities

Let's work together towards serving customers for mutual benefits with collaborative opportunity sharing models.

Transparent Partner Program

A clear visibility over progress and exchange of updates to stay on the same page to enjoy a long-term business partnership.

Highlights of the Partner Program

Guided Partner Onboarding

Once you sign up for our partner program, our Partner Manager will be in touch with you for every further step and ensure a smooth on-boarding.

Reseller & Recurring Margins

Become our partner today and avail an opportunity to earn up to 35% on product sale as well as on recurring revenue.

Start & On-going Support

We provide all kinds of required support to our partners, not just in the starting but in the ongoing journey too with 18x5 support.

Product Trainings

We provide our partners with product training on-demand and help their sales team to understand the product better.

Pre-sales Assistance

We help our partners to map their customer's requirements with the capabilities of our solution.

Free Internal Use Licenses

Our Partner would get free access to all our solutions for their internal use initially for 3 months. As soon as they register the first sale their license would be extended for next 3 months.

Knowledge Base and Materials Access

Our Partners will have complete access to Knowledge Base articles, videos, FAQs, training materials, demo instances, and any other product deck, and professional materials.

How does our program work?

Partnership Inquiry

As soon as we receive the partner inquiry, we align a dedicated partner manager for your smooth onboarding.

Program Understanding Calls

As per partner interest and experience, we represent our demos, explaining licenses and pricing and finalizing benefits.

Partnership Agreement

Once everything is finalized, we formalize every term into an agreement, duly signed by both parties.

Avail your Partner Benefits

Once you are onboarded, all of your partner benefits are unlocked and you get started with the growth journey.
